

CHARLIE LARSON DAY is in the office, and Harry Storn (right), publicity chairman, is busy discussing the program with William Stratton, former governor of Illinois, who will attend the function, and Sheriff Charles Larson, guest of honor of the day.

Stratton To Speak At Club Outing

Demand for tickets to the Antioch Township Republican Club's Fourth Annual Sheriff Charles E. Larson Day, set for Wednesday, October 6th at the George Diamond Country Club, is brisk and indications point to a complete sellout well in advance of the outing. Herbert Horton, club president, reported at a recent meeting held at Eddie Haling's Restaurant on Grass Lake.

While previous outings have drawn large attendance, this one promises to break all records with a full house, even taking into consideration the greatly increased capacity of Diamond's.

Beginning with day-long golf at 9 a.m. along with scores of prizes for successful pursuits of the little white pellet, there will be swimming, all day amusement in the clubhouse, followed by a chicken dinner in the evening, then dancing and general fun and frolic-ing until the wee hours of the night.

The second annual ELLA-phant awards will be presented to two distinguished Republicans who have made an outstanding contribution to the Republican Party in furthering its principles, at the October 6 party. Their identity will be announced next week.

Capping a day studied with outstanding political leaders will be former Governor William G. Stratton, who will deliver the principal address. He is expected to be present all day, taking part in the golfing fun, and festivities, as will his wife, Shirley. Many of his friends, and they are legion in Lake County, will be on hand to greet their buddy and re-live the "good old days," when men were men, women were spectators, and the telephone booth was in the back yard.

Appointed committees in charge of the party include: Speakers' Table—Herbert Horton, Lloyd Murrie, John Teresi.

Party Arrangements—Petz Schaffer, Walter Scott, Elmer Eberman, Jim Olson, Agnes Van Patten, Emogene Case, Emily Novotny, Helen Burke.

Golf—Tommy Griffin, Bernie Osmond, Edward Jacobs.

Host—Harry Weiland, Richard Stribley, Herman Behm, Lillian Golonka.

Tickets—Loren Sexauer.

Soo Line Cars Are Derailed

Fourteen cars of a Soo Line freight train derailed south of Antioch last Saturday night, Sept. 18, blocking the crossing on Route 173 east of Antioch.

The Route 173 crossing was blocked for about one and one-half hours, from about 9:30 to 11:06. The main line was blocked until 4:30 p.m. Sunday.

The derailment was caused by a burnt-out journal, Les Sorensen, Soo line agent said. A journal is similar to the axle on a car, Sorensen said.

The fourteen cars which derailed were damaged considerably, some of them broken open.

Fail In Bid To Extend Bus Service

Edward A. Ehlerding, Antioch, active for some time in a campaign to gain extension of the summer bus schedule between Antioch and Chicago, was instrumental in arranging a meeting last Tuesday in which he, but company officials and the executive secretary of the Antioch Chamber of Commerce took part.

John T. Hanck, vice president of United Motor Coach Co., and Elmer R. Schuermann, Superintendent of Transportation of the bus company, met with Mr. George Camphausen and Mr. Ehlerding. United Motor Coach operates a bus during the summer months between Northern Illinois communities and Chicago.

Mr. Schuermann presented a revenue and cost sheet which showed that the section of the bus-run from Antioch to Wheeling showed a loss of money, whereas the section of the run from Wheeling to Chicago was on a profitable basis.

Mr. Ehlerding pointed out to bus officials that a survey he made in the area showed that the shortage of passengers was due to two facts: 1. That 75% of the persons interviewed in the Antioch area did not know that there was a bus service during the summer and 2. that the schedule of the bus was such that the riders had only about two hours to spend in Chicago if they were to return the same day.

Bus company officials agreed that these factors probably contributed to the lack of passengers; however, they did not feel they could make trial runs unless Antioch would absorb the expense.

Mr. Hanck stated that the bus company is interested in Antioch transportation and they would be glad to give year-round service when it can be done on a paying basis.

Zoning Code On Display At Murrie's

Lloyd "Red" Murrie, Antioch Township Supervisor, has announced that the new zoning ordinance and map is on display at his office at Murrie's Standard Station on Main St., in Antioch.

Murrie urges that anyone interested in the zoning of his property come and check it on the map. "I've found a few discrepancies that I'm sure owners will want to protest in the short time I've had the map," Murrie said. "For example, a couple of taverns that are zoned residential on the new map. I'm sure it's probably an error, but owners will want to protest such zoning."

A public hearing on the new zoning ordinance will be held Thursday, September 30, starting at 9:30 a.m. in Room 305 of the courthouse in Waukegan. Anyone interested may attend the September 30 meeting and will be given an opportunity to be heard. The hearing will be continued from day to day if necessary.

Burned Boy Doing Well

Mark Frerks, the little boy who was burned so badly in June of this year, is recovering so well that he's now able to walk around the hospital and may be able to come home for a short visit soon.

Mark is in the Shriners Burn Institute in Cincinnati. Charlie Haling, who was instrumental in getting Mark sent to the Institute, says the boy's mother reports that his eyesight is apparently not affected and he is again able to talk. His face was badly burned.

Mark is receiving skin grafts now. He still has a long way to go before complete recovery.

Mark was 6 years old on August 27. His mother spends some time in Cincinnati so that she can visit him.

Charlie Haling also started the Mark Frerks fund to help the family pay the \$1,800 bill they incurred at a local hospital before he was sent to Cincinnati. His treatment there is free. Charlie reports that there is now about \$700 in the fund, and another benefit affair is coming up.

The Lake Villa VFW has offered the use of their hall free for a Mark Frerks Fund benefit dance. Haling is working on details of the dance, slated for October 23. Tickets can be purchased at Charles Haling Resort or from Lake Villa VFW members.

Lions Candy Day Helps The Blind

October 3 to 9 has been proclaimed by Governor Kerner as Lions Week for the Visually-Handicapped in Illinois.

Friday, October 8 will be Lions Candy Day for the Blind. Thousands of Lions from the 560 Lions Clubs in the state will be offering candy rolls for your donation to raise funds for the services they offer to the blind.

Candy Day contributions go to support Hadley School for the Blind, and to Leader Dog School. Al Hadley, the sightless, are taught high school and college courses through braille and recorded correspondence. Blind men and women are furnished guide dogs at Leader Dog School and trained to use them. These services are provided at no cost to the blind.

Lions Candy Day provides blind persons with education and mobility, opens job opportunities and makes possible their independence.

Antique & Coin Show At Waukegan Armory

The sixth annual antique and coin show sponsored by the Women's Society of Christian Service of the First Methodist Church in Waukegan will be held at the National Guard Armory in Waukegan beginning September 30 and running through October 2.

Hours on Sept. 30 and Oct. 1 will be from 11 a.m. to 10 p.m. On Oct. 2, hours will be from 11 a.m. to 6 p.m.

Many antiques of all kinds will be on sale in addition to coin collections. Chairman of the affair is Mrs. Cecil Miller.

Charged With Murder In Fatal Shooting

Bernard Haviland, 62, owner of the Sail Inn at Fox Lake, has been charged with murder in the fatal shooting of his cook, Hugh Fritz, 49, at the Inn last Thursday night.

Haviland is being held in Lake County jail. No bail is permitted on a murder charge.

An inquest into the death of Fritz will be held Thursday (today) at the George Justen & Son Funeral Home in Melleny.

Fritz, a cook at Sail Inn, was shot at about 6:30 p.m. He was dead on arrival at the Melleny Hospital at 6:50 p.m., where he was taken by the Fox Lake Rescue Squad.

Sheriff Charles Larson said Fritz was alive when put in the ambulance. No one, apparently, was sure whether he died in Lake County or Melleny County.

Investment Of School Funds Earns \$6,700.

Antioch High School received \$149,000 in tax money from the office of the county treasurer recently, it was reported at the meeting of the High School Board of Education Wednesday night. The board approved a motion to invest the money in Government bills, with the last ones coming due in April.

Superintendent A. Dittman reported that the recent audit showed that school funds invested in this manner had earned \$6,703 interest money last year. The bills are scheduled to mature as the funds are needed.

A letter from Superintendent of Public Instruction Ray Page was read giving the school its certificate of recognition.

Joseph Rush, chairman of the Fine Arts Department, reported to the board on the Summer Music Camp, in which 89 music students participated. Mr. Rush told the board that he felt that more was accomplished by this year's group than in any previous year. They were an outstanding group, he said, and their attitude and behavior "was tops" throughout the session.

The board accepted a bid from the Skokie Valley Asphalt Co. of \$350 for oiling the recently graveled addition to the parking lot on the former Arthur property adjacent to the parking lot.

The insurance committee, composed of Roger Prosser, Dr. A. Bucar and Robert Denman, reported that they felt a definite savings on insurance cost could be made.

ACHS Doubles In Size In Last 10 Years

A recent study by Mr. Albert Dittman, superintendent of Antioch High School, has shown that the High School has more than doubled in enrollment in the past ten (10) years.

The enrollment for the 1955-56 school year was 466; the enrollment for the 1965-66 school year has shot up to 971. The enrollment has been steadily increasing since the end of World War II in 1945 when 213 students were enrolled in the school.

Last year's graduating class totaled 223, largest class in the history of the school. This represents an increase of 44 graduates over the class of 1964, which was the second largest in the history of the school. The Antioch area is a vigorous, rapidly developing portion of Lake County. Its schools reflect the rapid population changes which are occurring.

College of Law at U. of I. was established in 1897.

by instituting a comprehensive program. The board approved a motion to employ the Industrial Appraisal Co. of Chicago for a re-appraisal of the building and contents for insurance purposes. The appraisal will cost \$1,040, with a yearly cost thereafter of \$104 for updating inventory.

The board reviewed and approved revisions in the teacher's manual and student handbook, outlining policy rules.

In compliance with the Life Safety Code, the board employed Gilbert Johnson & Associates of Rockford, architects, to survey the school facilities. Certification to the state that all safety requirements are met must be made by a recognized architect. The architects will inspect the school, submit a written report, make drawings of any changes that must be made and re-inspect the premises after the work is done. Deadline for compliance with the Safety Code is July 1, 1967.

The bid of Carey Electric & Plumbing Co., Antioch, was accepted to improve the heating system, installing new steam lines. Two areas have proved difficult to heat, the first floor administrative offices and secretarial offices and the second floor Business Education area.

The board approved the schedule for attendance of teachers and administrators at conventions. The audit made by Pollard & Wheeler, Rockford, was received and held over for study.

Official enrollment at the High School for this year was presented by Mr. Dittman. A total of 971 students are enrolled, including 249 freshmen, 261 sophomores, 227 juniors and 194 seniors.

Raise School State Aid Allowance

State Aid claims of Illinois schools for the 1964-65 school year amounted to \$194,416,013.74. Ray Page, State Superintendent of Schools, announced that he has certified this amount of claims.

Superintendent Page said school districts have received six monthly payments on the basic claims submitted last year. The remainder of the payments for the last school year, based on amended state claims, will be completed by January, 1966.

Districts will file a basic state aid claim for the 1965-66 school year by October 25 with County Superintendent of Schools. This basic claim will be computed under the new \$330.00 per pupil foundation guarantee. The amount was formerly \$252 per pupil.

School districts will actually receive the first benefits under the new state aid formula in February, 1966.

Lake County schools received \$5,749,793.30 in state aid for 1964-65.

Lions Plan Golf Outing Wednesday

Members of the Antioch Lions Club and their guests will attend the Lions annual fall golf outing at Spring Valley Country Club next Wednesday, Sept. 29.

Golf and dinner will be the order of the day. Lyons-Ryan Ford Sales have donated a colored V to be given to any lucky golfer who makes a hole in one, and \$25 in cash for the golfer coming closest to a hole-in-one.

Job Opening For Rural Mail Carrier

An examination for Rural Carrier for the post office at Antioch, will be open for acceptance of applications until October 12, 1965, the Commission announced today.

Complete information about the examination requirements and instructions for filing applications may be obtained at the Antioch post office.

Board Cancels Out Soft Water Plans

Antioch won't get its new water softening plant. At least, not this year.

The village board, on the recommendation of the sewer and water committee, rejected all bids on the softening equipment and building to house it at Tuesday night's meeting of the board.

Mayor Ray Toft explained that the lowest bid on the plant was considerably higher than had been expected. The board had budgeted \$115,000 for the new well and water softener. It now appears that the total for the completed job would have run about \$30,000 higher

than expected. There is not enough money in the budget to pay for it, Toft explained.

The water softener is not being abandoned, Toft said, but the water and sewer committee will thoroughly explore the possibilities of another solution between now and next spring.

It was pointed out that the new well might greatly reduce the amount of iron in the water by reducing the amount of water taken from the other well. Hard pumping, Todd Mapleshorpe pointed out, is one of the main causes of increased minerals in the water. The load will be

divided between the two wells when the new well is in use.

Maurice Loven, representing the Lions Club committee for the Blind, asked permission to hold Lions Candy Day on October 8 and 9. Because only one day is usually allowed for a tag day, permission was granted for from noon Friday to noon Saturday, October 8 & 9.

Mayor Toft read a letter from the Antioch Township library thanking the board for work done on the library parking lot.

Clerk Clarence Shultis said that a representative of the Illinois Commerce Commission had called in regard to the installation of warning lights at the train tracks on Ida St. The Commerce Commission advised that a petition for protection be submitted to the Commission. The board approved a motion to instruct the village attorney to draw up such a petition and send it to the Commission.

The Mayor read a letter inviting village board members to take part in the Fire Protection parade being held October 4 in Antioch under the sponsorship of the Antioch Fire Department, the Antioch Insurance agents and the Chamber of Commerce.

Arthur Meierdick read suggestions from the suggestion box in the police station. One recommended widening of Hillside Avenue because of the narrowness of the intersection of Hillside and Lake. Roger Williams, chairman of the street committee, was instructed to investigate the possibility of widening the street.

A suggestion was read suggesting that the noon whistle be eliminated. Todd Mapleshorpe pointed out that the state requires that the fire whistle be tested every day except Sunday so it would have to be blown at some time. It was suggested that the length of time it was operated be shortened.

A motion that a parking meter at the corner of Lake and Spafford be eliminated, and two installed on Lake St. near the Chamber of Commerce rest area, was approved.

Mayor Toft announced that he would like a committee of volunteers to study the matter of setting rates for building permits, plumbing permits and electrical permits. He would like to have information, he said, that would permit the elimination of salaries for building and plumbing inspectors, with these posts supported by commissions on the permits.

Antioch, Toft said, has been too lax in the past on inspection of new construction. He hoped to appoint a plumbing inspector, probably a licensed retired plumber, next spring, he said. With some nudging from the Mayor, Vern Barnstable, Robert Wilton and Irving Walsh "volunteered" for the committee.

A request from Gardner Mallory, operator of the IGA Store, for a Class B liquor license, allowing sale of packaged liquors, was presented to the board. It was pointed out that a village ordinance at present limits the number of such licenses to one per 800 residents. Antioch's population being now about 2,700, this one could be granted, bringing the present number to three.

Roger Williams pointed out that the previous board had promised a liquor license to promoters of the Shopping Plaza, should they request it. Although he had voted against the provisional promise, he said, he felt it was binding on the board.

The motion to grant the license was approved by a majority of the board on the condition of presentation of a written request and payment for the license.

Plan Jr. College Vote December 14

The Lake County Junior College Association has set a tentative date for a referendum on a junior college.

Association officers were elected at a recent meeting of the group and a schedule laid out.

James W. Lonergan, Waukegan, was elected president of the Junior College Association. Five area vice presidents are Robert Denman, Antioch; Ron Paddock, Waukegan; Myron Steinberg, Mundelein; Verne C. Kenney, Lake Villa, and Jay Burgess, Zion.

Roy Jones, Lake Bluff, was elected secretary and Robert Williams, Waukegan, treasurer.

A meeting will be held Sept. 28 at North Chicago high school to organize workers. Petitions will be handed out at the meeting. A minimum of 500 signatures is required before the Illinois Junior College Board can approve the referendum.

The Association expects to submit the petitions to the Junior College Board in early October. A public hearing on the referendum will be held, probably in late October.

A door-to-door campaign by workers for the establishment of a Junior College in Lake County is planned for November. Tentative date for voting on the Junior College referendum is December 14.

The proposed Junior College, Dr. W. C. Petty, County Superintendent of Schools, would take in all of Lake County. Portions of the county were excluded from the district in a previous defeated referendum.

The new Public Junior College Act passed by the last General Assembly provides that any high school graduate residing in a district which

Parade To Mark Fire Prevention Week

Fire Prevention Week will be marked in Antioch this year by a parade on October 4.

The parade is being sponsored by the Antioch Fire Department, Fire Insurance agents and the Chamber of Commerce. John Horan will be the parade marshal.

Units will assemble at the Antioch High School grounds at 6:30 p.m., with move-off time set for 7 p.m. The parade will move north on Main St. through the business section to the Antioch Grade School.

Fire apparatus, Rescue Squad units, floats and others will be a part of the parade. Anyone wishing to take part in the parade can contact John Horan.

Stop When The Bus Stops

If education of the public means anything, every driver must know the law pertaining to stopping for stopped school buses. They must know the reasons for it, and the tragedies that have resulted when the rule was broken. Yet motorists keep on breaking this law, either through ignorance or recklessness.

There have been so many violations of this law on Route 173 west of Antioch that Richard Whitacre, superintendent of the Antioch Grade School system, has been compelled to call on the sheriff's office for better patrolling of the area. That doesn't speak very well for drivers of the area.

Bus drivers report the highest percentage of violations are drivers in the opposite lane who continue past the bus without stopping. The most dangerous, however, are the impatient drivers, trapped behind the bus, who shoot out and pass after the bus has stopped.

In case you're in any doubt as to the law, you never pass a stopped school bus, whether you are travelling in the same direction or in the opposite direction. The rule is meant to protect the lives of school children, it's a good law and should be obeyed.

Granted, it's extremely irritating to be trapped behind a school bus making frequent stops, with no opportunity to pass. Not all school bus drivers are models of courtesy. A few seem to enjoy keeping a string of unhappy motorists trapped behind them.

School administrators might be able to help this situation by giving drivers instructions to pull off the road at designated spots for a few moments when the pile-up of traffic is too great.

Most bus drivers do a good job. It's not easy to chauffeur 50 or 60-odd children and watch traffic. If you find yourself consistently trapped behind a school bus, it's poor planning on your part. School buses run pretty well on schedule—leave for work a few minutes earlier, learn the best time to avoid them and you won't have any trouble.

No sane person would want to risk injuring or killing a child. If you're so callous this thought carries no weight, remember that there's a stiff fine for breaking this law.

Courthouse Notebook

BY LOU DURKIN

History was made by the Lake County Board of Supervisors last week in one of the most productive sessions the board has conducted in many years.

A wide range of changes in the political picture of Lake County was enacted by the supervisors, many of which will have side effects not calculated when the proposals were introduced.

Establishment of a merit system and merit board for county deputy sheriffs will have a definite effect on the effectiveness and efficiency of the sheriff's department, but it will also have a strong effect on the political strength of the office.

In fact, the political effect will be more immediate than the law enforcement results and will be felt in the Republican primary election for Sheriff next spring.

With a few exceptions, present employees of the sheriff's office will come under the protection of the new merit system and at the same time they will be expected to steer clear of activity in the political arena.

Since many of the deputies were hired as much for their political connections as for their police experience it is reasonable to suppose they will still be active politically, but more covertly.

The question is, however, which candidates will they support in their political activity?

In the past it has been virtually automatic for a deputy to support the office candidate, normally the chief deputy, and the occasional dissident who came out in support of the opposition candidate suddenly found himself selling cars or engaged in some other line of endeavor.

Now, and again an employee of the office would make a bid for the nomination in opposition to the office candidate and he would suddenly find himself on the outside looking in or on a "leave of absence."

Capt. Harold Scheskie will certainly benefit from the protection offered by the merit system since it is no secret that some of the deputies favor him over Chief Deputy Norris Froelich.

Not only will Scheskie be protected in his own candidacy, but those deputies who support him or who sit on the

sidelines will also be able to do so secure in the knowledge their jobs are safe.

The sheriff's office has always been a potent force in elections other than those for Sheriff because of the question of job security, but in the future this support for other candidates will be watered down considerably.

Approval of the electronic or mechanical voting system is a major step for the county although advocates of the new system make no claim to major financial benefits.

Probably the most important benefit to be derived will be the chance to maintain a high standard among the judges and clerks of election.

It has become increasingly difficult to find qualified personnel to man the precincts on election day because in many cases it has meant as much as 24 hours in the polling place.

Now election officials can assure the judges and clerks they will be out of the polling place in less than two hours after the polls close.

The next step that should be taken is new legislation raising the maximum size of election precincts where mechanical voting is being used. Precincts of 2,000 or even more voters will present no major hardship to judges and by holding the line on the number of precincts there will be a savings in precinct rental, maintenance and clerk hire.

Prominent among the GOP leaders at last week's Republican outing at Long Grove Country Club was Cong. Robert McClory who seldom fails to make an important gathering.

Many Republican aldermen and village officials were forced to miss the outing because of Monday night council and village board meetings, but most of them will probably make amends by turning out for the Sheriff Charles Larson Day at George Diamond's on Oct. 6.

Advance publicity indicates a sellout, but it is barely possible you can still get tickets from members of the Antioch Republican Club.

Slate Tests For NROTC

Vice Admiral B. J. Semmes, Jr., Chief of Naval Personnel, has announced that the 20th annual national competitive examination for the Regular Naval Reserve Officers Training Corps will be given on December 11. Eligible high school seniors and graduates should submit their applications before November 19.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice from among the 52 colleges with a regular NROTC Unit. All tuition, fees and books are furnished by the Navy, and the student receives a subsistence allowance of \$50 per month for not more than four years. During the summers the student goes on interesting training cruises as a midshipman. After successfully completing a baccalaureate level college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a career officer with the Navy's modern fleets. Immediate challenging assignments to aviation training, nuclear training, or submarine training offer varied career opportunities to those graduates who apply and qualify.

High school seniors and graduates who will have reached the 17th but not the 21st anniversary of birth on June 30, 1966 may apply for the NROTC aptitude test. Those who make a qualifying score will be interviewed and given a thorough medical examination early in 1966. From the number of qualified young men remaining in competition, about 1,600 will be selected to attend college next September to prepare for their naval careers.

Applications forms are available at local high schools and the Navy Recruiting Station located at 325 Washington, St., Waukegan. L. S. Bond, MCMS, USN, Recruiter in Charge, stated that this year's examination will be administered in Waukegan, the site to be announced at a later date.

McClory Announces Foreign Serv. Exam.

Congressman Robert McClory (R. Lake Bluff) has announced that young men and women considering a career in the U. S. Foreign Service may take a competitive written examination on Saturday, December 4, 1965. The examinations will be offered at convenient locations in Chicago and Rockford.

Applicants must be between 21 and 31 years of age although 20-year olds may take the exam if they possess a bachelor's degree or have completed their junior year in college by December 4th. Citizenship for 7/4 years also is a requirement.

In making the announcement Congressman McClory noted: "America carries heavy responsibilities throughout the world. The administration of our nation's foreign affairs calls for the most imaginative and dedicated minds the country can provide. Consequently, I urge all interested young people to give serious thought to a

career in America's Foreign Service."

Each year Junior Foreign Service Officers are selected following successful completion of a four-step process: (1) a written examination; (2) an oral examination; (3) medical and background examinations; and (4) a training and probationary period. Salaries range from about \$6,000 upward to that of a career Ambassador which is now set at \$27,000 per year.

In addition to the traditional Foreign Service fields (political science, history, government and liberal arts), the Foreign Service urgently needs those trained in special fields such as budget and fiscal work, management, labor relations, law, banking and finance, foreign trade and other facets of economics and administration.

Persons interested in taking the December 4th exam may obtain an application form by writing Congressman Robert McClory, 1123 House Office Building, Washington, D. C. 20515. The deadline for applying is October 18.

Create Commission To Study Changes In Tax Rate Laws

The Taxpayers' Federation of Illinois calls attention to Senate Bill 1150, passed by the General Assembly and signed by Governor Kerner on August 20.

The bill sets up a commission to study assessment and tax rate limitations affecting local government finance.

The commission consists of 2 senators, 2 representatives and 2 lay persons. The commission will study present property tax rate limitations, the process of valuing property for taxation purposes and the equalization of assessments process. They will consider the updating of tax rate limitations.

The commission will make recommendations to the 1967 General Assembly for changes in tax laws.

Attempts were made in the last General Assembly to remove several of these limiting tax laws. The Taxpayers Federation has declared itself opposed to the wholesale removal of limits on tax rates, while supporting the raising of some maximum rates where necessary.

Start Improvements at Fort Sheridan

Contracts have already been awarded for \$6,008,273 for new housing, construction and other improvements at Fort Sheridan.

The Chicago Army Engineer District has announced the awarding of the latest contract for \$4,030,500.00 to the Pathman Construction Co. of Chicago. The contract covers construction of 250 units of family housing.

The second largest contract amounts to \$1,034,530 for construction of a central heating plant and steam distribution system, awarded to the Fred Dietz Plumbing Co., Chicago.

The Pathman Co. contract calls for construction of 160 two-story townhouse units with three bedrooms, 20 with two bedrooms, and 20 with four bedrooms. For field grade officers there will be 40 two-story duplex units, all with four bedrooms, and 10 one-story single four bedroom units with attached carports.

Improvement and modernization of many of the older family quarters on the post are being carried out.

Your Congressman
Reports....

By Cong. Robert McClory

The recent issue of a "White Paper" on Vietnam, by Republican Members of the U. S. House of Representatives, caused a stir throughout the nation and became the subject of numerous newspaper articles, editorials and radio and television commentaries. In addition, it provoked a retaliatory publication by the White House entitled "Why Vietnam."

Many criticized the temerity of the Republicans to comment favorably and chronologically as was done in the studios "White Paper." Although the Republican document called attention to the decisions by President Truman in Laos in May 1950, (just as the White House made reference to President Eisenhower's expressions of multilateral support for Southeast Asia in 1954), the Republican "White Paper" contains a chronology far too valuable to be characterized only as a partisan statement. Indeed, the "White Paper" which is entitled "Vietnam—Some Neglected Aspects of the Historical Record" contains numerous bipartisan statements relating to the role of the United States in Southeast Asia on which it is well to ponder at this time.

First, the Eisenhower and Kennedy policy contemplated multilateral action in South Vietnam. President Eisenhower's letter of 1954 (referred to in both the Republican and Administration documents) called upon England, France and the asso-

ciated nations of Australia, New Zealand, Thailand, and the Philippines to join together in the struggle in behalf of freedom in South Vietnam. President Kennedy also supported this position.

Second, both Presidents Eisenhower and Kennedy, as well as President Johnson (until recently), consistently opposed commitments of American ground forces to the conflict in South Vietnam.

In the heat of escalating conflict in South Vietnam, it is the opinion of this writer that the Republican Task Force has contributed an important and useful document. It is hoped that the calm and deliberative thought of the past ten years, as found in the expressions of President Eisenhower and President Kennedy—as well as in earlier utterances of President Johnson, may be recalled.

The Republican "White Paper" concludes with a strong statement of support of American objectives in halting Communist aggression in behalf of freedom and independence in South Vietnam. However, the means by which these objectives may be attained merit the critical and constructive thought of all.

It is apparent to this writer that this Administration is searching earnestly for means to reestablish peace in Southeast Asia—at least to effect a cease-fire in an effort to bring a peaceful solution. While lack of support from many parts of the free world may be deplored, the fact remains that such support is lacking or it is mixed with indifference. At any rate, the Republican "White Paper" should not be brushed aside at a time when every bit of wisdom and assistance should be employed. The millions of American homes which are affected by the conflict in South Vietnam are involved in the decisions at the White House and the Pentagon. The minds making these decisions are not, of course, infallible. It is the hope and prayer of all that the best possible decisions, under all of the circumstances, may be made.

MOOSE TOPICS

By Lillian Birdsell

Convention minded goes are preparing themselves for the Illinois Moose Convention that is to be held at the Conrad Hilton in Chicago this Friday, Saturday and Sunday, Sept. 24, 25 and 26.

There were 17 members present for the Winner Legion No. 74 meeting and pot luck which was held at the Antioch Moose Lodge on Sunday, Sept. 19. In the absence of chairman Wally Good, Arthur Andersen read a letter received from Earl Horton of Mooseheart, thanking the Winner Legion for their donation towards the swimming pool that is being built for the children of Mooseheart. Les Palmer, treasurer, discussed his plans on various conditions that need improving. Gerry Mark, entertainment chairman, ended the afternoon by having the members participate in a few games that was packed with fun and enjoyment.

Jo Dona Jorgensen was quite the clown indeed at the Mardi Gras dance that was held at the Antioch Moose Lodge, Saturday, Sept. 18. In spite of the many other activities that was taking place around the surrounding areas, a substantial crowd participated in the fun and dancing to the music of the Three Lads of Rhythm.

The College Committee will be having their card party at the Antioch Moose Lodge, Thursday, Sept. 30, starting at 8 p. m.

The Women of the Moose will have a Chapter Night Program at the October 7 meeting to be held at the Moose Home at 8 p. m.

Legion Auxiliary Unit cordially invites any woman, who is interested and eligible to be a member, to visit any one of their Unit Meetings, which are always open to the public. To be eligible to become an American Legion Auxiliary member, a woman must be either 1) the wife, mother, sister or daughter of an American Legionnaire; or 2) the wife, mother, sister or daughter of a veteran killed during World War I; World War II; or the Korean Conflict (A Gold Star Member) or of a deceased veteran of any of the three Wars; and 3) a woman, who has seen service in the armed forces during any of the three major Wars. Since many newcomers to this community are often women, who are eligible to belong to this fine service organization, but whose eligibility is not known to Antioch Unit members, we urge that you contact either Mrs. Ray Rathmann, President, or Mrs. W. K. Hills. You will find great satisfaction and happiness in all the many worthwhile programs of the American Legion Auxiliary, as well as enjoying the social aspects of this organization. Meetings are held the 2nd Friday evening of every month at the Antioch American Legion Home.

New Scout Handbook

The new, seventh edition of the Boy Scout Handbook will go on sale September 15. Scout Executive Alden G. Barber of the Chicago Area Council of the Boy Scouts of America says the Handbook will have a new, colorful cover. "The Boy Scout Handbook," he said, "is undoubtedly the single book with the largest circulation of any book produced for young people anywhere in the world."

The initial print order of the new edition is 750,000 copies, one of the largest book orders in printing history. With this new edition, the Boy Scout Handbook attains a total printing since 1910 of 21,175,000 copies.

The Boy Scout Handbook has introduced millions of boys to their first knowledge of nature lore, first aid, proper respect for the flag of the United States, and a wide range of know-how supplementing school courses.

Bank Bid For State Funds

A record number of Illinois banks today bid the highest rates in history for State funds, according to Illinois State Treasurer William J. Scott.

Treasurer Scott estimated that the new rates would increase his office's earning power on idle funds by over two million dollars. The State currently has 535 million dollars of available balances, most of which is earmarked for future expenditures.

Highest bids were from the State's four largest banks, all of which bid a record 4 1/4 per cent interest. The Continental Illinois National Bank and Trust Company, which is the largest financial institution in Illinois, bid for an unlimited amount of funds at the 4 1/4 per cent rate, while the First National Bank of Chicago bid to run amount up to 50 million dollars. The Harris Trust and Savings Bank of Chicago bid for 30 million, and the Northern Trust Company for 20 million dollars at the record 4 1/4 per cent rate.

Prior to Scott's taking office as Treasurer, the highest bank rate was 2 1/2 per cent, and half of the State's funds were earning one per cent or less. The new interest rates will be the highest received by any state in the nation.

Attending the opening of the bids in Scott's office were State Auditor Michael J. Howlett, Director of Finance James A. Ronan, and Director of Financial Institutions Joseph E. Knight.

Korean Orphans to Sing at Moody

The Korean Orphan Choir will sing at Moody Church on October 2 at 8 p. m., and on Oct. 3 at 3 and 8:30 p. m.

This is the third tour for the 37 children who make up the choir. They sing on behalf of needy children the world over. They are representative of the more than 20,000 children sponsored through World Vision in 19 countries by individuals, families and groups throughout North America.

Revival Meeting at Lakeland Baptist

A Revival meeting will be held at the Lakeland Baptist Church of Lake Villa beginning Sunday, September 26 (thru Friday, October 1). The Rev. Fred Roberts, pastor of the Oak Park Avenue Baptist Church, of Berwyn, will be the guest evangelist.

The Rev. Mr. Roberts will also lead the singing. There will be special music each night, from such places as Berwyn, Elgin, Zion and Lake Villa. All are welcome to attend all services.

The Rev. Mr. Roberts is a graduate of Moody Bible Institute, Wheaton College, and Northern Baptist Theological Seminary. He served as vocalist, program director, and ensemble leader on radio station WMBI for three years. He ministered a radio program in southern Illinois for five years. He has directed Youth for Christ organizations in two areas where he served.

The Lakeland Baptist Church is on highway 132 (Grand Avenue), one and a half miles west of Lake Villa, and a half mile east of Highway 59.

The Rev. Robert E. Prinz, is the pastor of the Lakeland Baptist Church. For further information call 356-2006.

Grass Lake School Enrolls 232 Pupils

John P. Schockmel, superintendent of Grass Lake School, has announced that 232 students enrolled in school opening day. This is an increase of 33 students from last year's opening day. Much of the increase is due to the new kindergarten program which was put into effect this year.

Schockmel reports that the teaching staff is working well together and he is looking forward to a very successful year.

The construction of the new addition is in the roofing stage. Rainy weather has held up some of the construction work. Completion of the addition should be sometime in January.

The budget for the 1965-66 school year was read by Robert Hart, school board president, at the public hearing recently. The total budget was \$112,000.00. The budget was adopted by a unanimous vote of the board members.

Director of Music Center on Viewpoint

The Music Center of Lake County has announced that the new director of the center, Robert Christensen, will be on Viewpoint, station WKRS, on Monday, September 27 at 4 p. m. Theme of the discussion is, "So You Want to be a Composer".

Mr. Christensen had his early training at the Hart School of Music in Hartford, Connecticut. He studied trumpet, piano, theory and composition.

Mr. Christensen has played trumpet in orchestras and bands. He has been instructor, coach, director and conductor at various summer camps, as well as brass instructor in the Rochester Public School system. His experience in choral conducting has also been varied. He is author of the music appreciation series, "Let's Enjoy the Orchestra".

For information regarding classes at the center, phone 244-4270.

Marie Jasien

Takes Eventful Island Trip

Miss Marie Jasien, who teaches fourth grade at Grass Lake School, returned September 6—the day before school started—from a four-week trip to Jamaica, San Juan, Puerto Rico, the Virgin Islands and Nassau.

Marie reports that she did quite a lot of scuba diving during her trip, meeting a young barracuda face to face during one underwater trip. Hurricane Betsy followed her, never quite catching up. Twelve hours after she left Nassau to come home, the hurricane hit Nassau.

One of her most memorable experiences, she said,

was climbing a falls in Nassau. The water falls in a series of steps, and tourists who wished could climb through the falls with the help of guides.

Marie's students will get to see some of the rolls of films she took of life in the islands.

Legal Notice

NOTICE OF PUBLIC HEARING TO BE HELD BEFORE THE LAKE COUNTY ZONING BOARD OF APPEALS, RELATIVE TO A COMPREHENSIVE AMENDMENT OF THE LAKE COUNTY ZONING ORDINANCE OF 1939, AS AMENDED.

NOTICE is hereby given that a public hearing will be held before the Lake County Zoning Board of Appeals to consider a comprehensive amendment of the Lake County Zoning Ordinance of 1939, as amended. Said public hearing will be held on Thursday, September 30, 1965, at 9:30 A.M., in Room 305, Court House, Waukegan, Illinois, and may be continued from day to day if the need therefor arises. All persons interested may attend said hearing and will be given an opportunity to be heard. Written communications received by the Zoning Board of Appeals before the conclusion of the hearing will be read aloud at the hearing and made a part of the record.

The proposed amendment was revised and redrafted by the Lake County Regional Planning Commission, under the direction of Zoning Committee of the Lake County Board of Supervisors, and constitutes a complete general amendment of the text and maps of the Lake County Zoning Ordinance of 1939, as amended, and includes, among other things, provisions for the establishment and creation of new regulations, new use districts and for the rezoning (reclassification), of all lands in the unincorporated area of Lake County, Illinois.

The proposed comprehensive amendment to the Lake County Zoning Ordinance is available for examination in the office of the County Clerk of Lake County, Room 202, Court House, Waukegan, Illinois; the office of the Department of Building and Zoning, Court House, Waukegan, Illinois; the office of the Lake County Regional Planning Commission, 228 North Genesee Street, Waukegan, Illinois; and in the office of the Supervisor of each Township in Lake County, Illinois.

Sept. 30 Deadline For Same License

Only a week now remains for motorists who wish to retain their present license numbers to submit their applications before the new deadline of September 30.

This year's session of the General Assembly made the deadline a month earlier than in the past years to allow time to process the steadily increasing number of re-assignment requests.

All license fees have been increased 50c to cover the added manufacturing cost of the reflectorized plates, use of which will start with the 1966 series. Of the 50c, 31.9 cents represents the added cost of the plates. The remaining 18.1 cents will go into the road fund for general highway purposes.

Peter and Nancy Straka, 2415 E. Plumtree Rd., welcomed their seventh child Sept. 15 at Victory Memorial Hospital. Tina weighed 7 pounds 6 ounces at birth.

To Issue Stevenson Stamp October 23

Design of the Adlai Stevenson memorial postage stamp was made public last week by President Johnson in a White House ceremony. The 5-cent stamp will be first issued October 23 with ceremonies in Bloomington, Illinois, where the ambassador to the UN grew up and is buried.

Lithography and intaglio printing will be combined in production of the stamp, resulting in three passes through the presses. However, only one plate number will appear, this being the black intaglio for the Stevenson portrait.

The stamp was designed by George Samerjan, New York City artist, who in 1959 designed the Arctic Exploration commemorative stamp. The Stevenson stamp was modeled by Robert L. Miller and engraved by Charles A. Brooks (vignette) and George A. Payne (lettering) of the Bureau of Engraving and Printing. The print order is 115 million.

Collectors desiring first day cancellations may send addressed envelopes together with remittances to cover the cost of the stamps to be affixed, to the Postmaster, Bloomington, Illinois 61701. Postage stamps and personal checks will not be accepted in payment of the new issue.

Zenko Roars To Win At Waukegan

Norm Zenko powered his Buick convertible to its second consecutive late model feature win and the second feature win of his career at the Waukegan Speedway Saturday night. Zenko survived two second-lap pile-ups and bypassed other traffic jams to win, while the Speedway survived the threat of severe thunderstorms, with only a few sprinkles and lots of lightning, to get their complete program in the books.

Zenko took the lead at the green flag as he spurred from his outside, front row position. Ray Dixon spun in traffic during the second lap and forced a restart as he and Jim Luther stopped together, blocking the fourth turn. On the restart Dixon skidded wildly down the backstretch, went in and out of the infield, and then slammed towards the concrete wall taking John Wood and Jim Cossman with him. All three cars were out, but Cossman jumped into Dale Coates' Chevy and eventually finished seventh.

On the restart Zenko and Jim Ford engaged in a close battle until Ford's Dodge convertible dropped out in the ninth lap with fuel problems. Meanwhile Ron Justen and Dennis Burgan waged an interesting duel for second spot with Burgan finally sweeping wide down the homestretch and grabbing second with only five laps remaining.

About this time Luther and Jack Ester tangled in the third turn, but skillful driving avoided a high-speed pile-up. As Zenko came in on the last lap, he slowed and slowed and slowed while Burgan closed the gap rapidly. Zenko barely coasted across the line as Burgan streaked across only a split second later. The problem: Zenko mistook the white flag (one lap to go) for the checkered flag (race is over) and was stopping to pick up the checkered flag for the traditional victory lap.

Pete Brewer dueling Wayne Morgan for nine semi-feature laps before the latter spun and Brewer inherited the lead, which he held until the end. Only one restart was required for the twenty-four car event. This came when Roger Hagl's Falcon rammed into Jack Water's stalled mount

on the backstretch. On the restart, Harlen Vix, John Beardsley and Dee Peal slammed into the second turn wall, Beardsley's convertible being demolished, but a restart was not required as the drivers scrambled over the wall to safety.

Bob Klemm won the next-to-the-last demolition derby of the season. Klemm ended up the event by rolling his Chevy over after he stopped his partner, Butch Anderson. The final demolition event of the season is scheduled for next Saturday night.

Half a dozen times the races were stopped as accidents produced by forty-seven late models spiced the show. Only two more Saturday nights of racing remain in the season, with the fifty lap championship event scheduled for October 2nd, with a raindate of Saturday night, October 9th. The modified stock car division will maintain a similar schedule on Sunday nights.

Fassbender In Thrilling Late Lap Victory at Waukegan
Fuzzy Fassbender invaded Waukegan Speedway Sunday night and thrilled the crowd as he pushed his lavender modified Corvair to a popular win over Roger Otto in the thrilling feature event. This was the third feature victory of the season for Fassbender at the Waukegan Oval.

Otto, after hurried repairs prepared his car for the feature following a spectacular tangle with Bob Anzinger during their heat, grabbed the initial lead. Jake Radtke and Otto scrambled for the lead in the first few laps while Fassbender and Gino Wagner exchanged third place honors.

Otto spurred out into a comfortable lead by the 8th lap as Radtke, Fassbender, Wagner, Bob Ratajczyk, Pedro Roehl and John Reimer fought for second spot. Finally Fassbender slipped into second on the ninth circuit, and scorched the track in pursuit of Otto.

Catching Otto on the eighteenth lap, the dueling wheel-to-wheel until Fassbender raced past Otto on the outside in the 21st lap as they neared the end of the feature. By this time, Roehl had taken command of third position

Sequoits Crush Salem In Season's Opener

Tyrone Walls led the Antioch Sequoits to a 26 to 0 victory over the Salem Falcons in the Sequoits season opener Friday night on Salem's field.

On the first two plays from scrimmage for the Sequoits, Walls ran 67 and 90 yards consecutively for two touchdowns. He finished his evening's work with 150 yards in 4 carries.

The Sequoits racked up six first downs, three rushing and three passing and gained a net of 359 yards. Quarterback Tom Blackburn attempted

and Reimer had passed Wagner for fourth spot. Fassbender's victory, a hard-fought one, met with the fans approval as he carried the checkered banner around the track.

Otto helped supply some excitement of a different sort in his heat race as he and Russ Reynolds tangled in the sixth lap. Otto's white racer skidded back onto the track after the scrap. Bob Anzinger's mount rode over Otto's front wheel and catapulted Anzinger through the air. Anzinger landed on all four, but bounced backwards, striking the concrete wall that protects the pits. Quick pit-work put both of these doubtful starters back into the feature line-up.

Claude Potter, who nearly missed running in the semi-feature, came on strong and took the lead in the sixth lap as leaders Herm Seamers and Bill Schultz collided as they raced down the home straight. Potter raced on to become the evening's only double winner as he had earlier recorded a heat race win. Harold Wade raced to a narrow victory over Duane Harris in the third heat and Roehl outdistanced Reimer in the fourth heat.

Dennis Burgan again reached deep into his bag of tricks and produced a magical last lap victory over new-comer Tommy Urban in the late model feature. Burgan's victory moved him further ahead of Jim Cossman in the point race. Cossman's clutch disintegrated during time trials. He jumped into Ken Becker's Chevy to win the fast heat, but had to settle for fourth in the feature event.

Sunday night racing will continue into October at the Waukegan Oval as weather permits. The modified season championship 50 lap feature will be contested Oct. 3rd with a raindate on the following Sunday night. Although this will mark the end of the championship point campaign, racing may continue on if weather and attendance permits.

ed nine passes and completed three. On the strength of Wall's two runs, Antioch led 13 to 0 at the end of the first quarter. In the second period the Sequoits took the ball on their own 40 yard line after a punt by Salem.

Halfback Dave Fabry carried twice for seven and six yards respectively and then Blackburn passed to Mike Sterbenz for five more yards. With the ball resting on Salem's 47 yard line Blackburn gave a handoff to Bill Sheldon who skirted left end and went all the way for the TD. The PAT was blocked.

The Sequoits only score of the second half was set up when they recovered a Falcon fumble on their own 15 yard line. The recovery stopped a Salem drive at the Falcons deepest penetration. Two plays later Sheldon

again took a handoff and scampered 80 yards for his second TD of the night. Walls took the ball over for the PAT and the score remained 26 to 0.

"The Sequoits go to Fox Lake Saturday night to open their conference season against Grant's Bulldogs. We can expect Grant to throw the ball a lot more than Salem did. Coach Roy Nelson said, and judging from past seasons, with a lot more accuracy."

Game time is set for 6:30 p.m.

Sequoits Crush Salem Monday
The Antioch soph squad met Salem's preps in a game Monday afternoon at Salem's field and walked off with a 21 to 0 victory.

Tony Barnett, Chuck Powell and Alphonso Alexander did the scoring for the victorious Sequoits.

Finals of State Fishing Meet This Sat. & Sun.

Qualifying will end Saturday (Sept. 25) for the 1965 Illinois state fishing championship finals, which will be held Sunday (Sept. 26) on Channel Lake and Lake Catherine in the Chain O' Lakes near Antioch.

Fifteen anglers, nine of them from Chicago, five from the lakes' region, and one from a Chicago suburb, have qualified for the title fishoff thru last Sunday (Sept. 19).

By Sunday's (Sept. 26) championship finals, it is expected that at least 20 more anglers will have qualified during the final six days of preliminaries.

Fishing during the first seven of the 13-day qualifying period was slow with inclement weather chipping in to dampen the spirits of the contestants for a least three of the days.

Qualifying fishing is held daily thru Saturday from 6 a.m. to 6:30 p.m. Contestants must register their catch before 7 p.m. each day at the Channel Lake Boat House, where anglers must also register in advance before going out on the contest waters.

Sunday's final fishoff will be run off in two sessions—from 11 a.m. to 2 p.m., and from 3 p.m. to 7 p.m. Fishing as in the qualifying will be for three species—northern pike, black bass, and walleyes.

In addition to being recognized as the state champion, the winner also qualifies to represent Illinois in the World Series of Sport Fishing at Lake Tawakoni, Quinlan, Tex., about 40 miles east of Dallas. The 1965 Illinois champion's expenses will be taken care of by Barney Shumneson, operator of the Channel Lake Boat House, and the Lake Tawakoni Association.

The World Series is open to anyone as a challenger. The entry fee is \$25 and the challenger pays all his expenses to and from the site and while there.

For entry blanks and additional World Series information, anglers should write to E. J. Edge, secretary, Lake Tawakoni Association, Quinlan, Tex.

Among those who already have qualified from the lakes' region in northeastern Illinois are:

Sheldon DeNien, 912 West Paul Ave., McHenry; Ray Mahoney, 223 W. Cedar Lake Rd., Round Lake; Joe Ward, 41 Nippersink Blvd., Fox Lake, and Ed Phingseth, Rt. 3, Box 60, and Patrick Halkamp, 101st St., both of Antioch.

Raymond T. Marvin of Danada farm in Wheaton is the qualifier from the Chicago suburb.

Among the nine Chicagoans already in the finals are Ed Rakosnik, Jr., of 2827 S. Avers Ave., who, with his wife, Marge, won the Illinois Mr.-Mrs. fishing title last August.

If Rakosnik should win the singles Sunday, he would become the second angler in history to win both the singles and share the husband-wife crown.

Lewis Simon of Antioch was the first to accomplish this feat. Simon won the Mr.-Mrs. crown with his wife, Sandra, in 1963, and then came back to capture the singles the same year. Simon as well as the other

five previous champions are seeded into the finals. Besides Simon, other champions are George Kravner of McHenry, the 1964 winner; Don Nichols of LaGrange Park, 1962; Harold Smiley of Round Lake Park, 1961; and Bill Hoffman of Evanston, 1960.

The other Chicagoans in the finals thus far are: Gene Wassenberg, 533 W. Roscoe St.; Jim Caras, 2649 W. Carmen Ave.; Richard Taitl, 5812 S. Melvina Ave.; John Peterson, 1725 W. Wilson Ave.; Harold Smiley, 6022 W. Wellington Ave.; Bill Wallace, 4721 N. Kilpatrick Ave.; James Raymond, 3207 N. Central Ave.; and Ronald Schmidt, 5744 S. New England Ave.

Cross Country Team Outscores Round Lake

The Antioch varsity cross country team opened its season last Thursday by defeating Round Lake 20-41. Tom Wojnowiak and Tom Doolittle placed first and second respectively, for the varsity, followed by Jim Maier, 4th; Bill Effinger, 6th; and Jim Sorenson, 7th.

The frosh-soph squad did equally as well, winning by a score of 19-44. Mike Polley placed 1st; Dave White, 3rd; John Bjork, 4th; Gary Doolittle, 5th; and Ray Frank, 6th.

Saturday morning the Antioch varsity lost to North Chicago by a score of 28-27. Tom Wojnowiak finished 3rd; Tom Doolittle, 4th; Blaine Backman, 6th; Bill Effinger, 7th; and Del Church, 8th.

The frosh-soph barriers won their North Chicago meet with a score of 15-50. Finishing one through five respectively were: Mike Polley, Ray Frank, Dave White, John Bjork, and Gary Doolittle.

New Law Affects Farmer Liability

Rural landowners who make their property available for recreational uses without charge are no longer liable for personal injury suffered by people who are on their land, the Illinois Department of Conservation has announced.

"One reason that farmers were reluctant to permit hunting, fishing, camping, or other outdoor activities on their farms was that the landowner or tenant could be sued for damages if the sportsman was injured or killed on his place, even though the victim was trespassing," William T. Lodge, director of the Conservation department, said.

Most of the land in Illinois is privately owned and, therefore, most of the outdoor recreation potential is in the hands of private landowners. "We hope that this new law will help to ease the burden of the farmer and help to overcome his understandable reluctance to permit sportsmen to go on his property," Lodge said.

AMONG THOSE attending the annual camp out for educators sponsored by the Loyal Order of Moose at Mooseheart Camp near Mt. Morris, Sept. 10 and 11, were: (left to right) Supt. Albert Dittman; Mooseheart-Supt. Walter H. Ketz; Lawrence Eggleston, Guidancer; Asst. Supt. Warren Polley.

Warns Over-40 Hunters To Get Heart Checked

Hunting season is here again, but with a little bit of forethought, it need not be open season on hunters.

Among the hazards of hunting is accidental death from a gunshot—one's own gun, or that of another hunter. Not so dramatic, but at least three times as prevalent, is the tragedy of heart attack deaths.

Unlike the deer, who can only try to outrun their stalkers, hunters can take certain precautions to avoid falling prey to the risks of the hunt. Here are some recommendations from the Chicago Heart Association, to help bring hunters back alive.

First off, ask yourself this question: Do I have the heart to hunt? It's not sentiment or ethics we're concerned about here, but the condition of your heart.

Deer hunting often demands a level of energy output which may be triple or quadruple the level at which most part-time hunters operate during the rest of the year. Extremes of weather, change of altitude, rough terrain and the stress of the chase can levy a heavy tax on the heart's capacity.

In a unique series of experiments, the Minnesota Heart Association recently measured the heart stress on a deer hunter "who not only gets his deer but who drags it out of snow woods single-handed." It was too much they found, for 11 per cent of a pre-screened group of men over 40 who had no evidence of heart trouble. The men who underwent the tests had previously been examined and found to have apparently normal hearts. It's obvious therefore, that the hazards to an unexamined cross-section of hunters over 40 would be higher.

Accordingly, the most important word from the Chicago Heart Association is: Have a complete physical examination before you plan your hunting trip. Then your doctor can, if necessary, suggest ways in which you can pace yourself, get your deer and at the same time minimize the strain on your heart.

Number one on his list would be: Don't drag the bag! When you've downed your deer, let him lie until you can get a couple of able-bodied men to help move the carcass. And if you have a heart condition, let them do this job without you. Make your contribution to the hunting party in a less strenuous way.

Number two: If you have a heart condition, take at least one member of your party into your confidence. Tell him what medicine you take, how it is given and the symptoms which indicate the need for medication. He should know which pocket you keep it in, and the container should carry clearly typed instructions.

Number three: The heart may be a lonely hunter, but you shouldn't be.

Never hunt alone. Number four: Get a good rest — preferably a full night's sleep — before you set out to hunt.

Five: If you're hunting at a higher altitude, go a few days early. This will give your heart time to adjust to the lower oxygen content of the thin air before the stresses and strains of hunting are added.

Six: Rest as often and as long as you have to, before you get too tired; take your stand near camp and let the others flush.

And for all hunters, the Chicago Heart Association has this advice:

* Condition yourself as for any unusual physical exertion, with an increasing schedule of exercise in preparation for the big event;

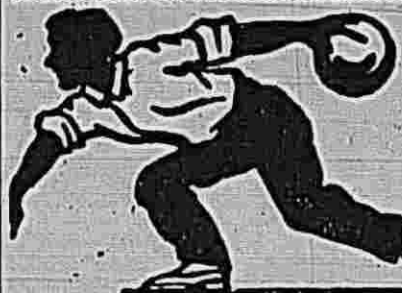

* Choose lightweight but warm clothing, to lighten the load on your heart;

* Know simple first-aid rules;

* Be moderate in eating and drinking;

* Observe the standard safety rules for handling firearms.

Remember: the biggest game is getting back in good shape. If you take as good care of yourself as you do of your gear, you can enjoy hunting for many seasons to come.

PUBLIC NOTICE

Notice is hereby given that the stockholders of the State Bank of Antioch, Illinois, have adopted and passed the changes of organization stated in the following resolution:

BE IT RESOLVED:

That the stockholders of the State Bank of Antioch, Illinois, do hereby declare it advisable that the Certificate of Incorporation of said bank be amended and do hereby amend said Certificate of Incorporation (Charter) so that, as amended, it shall read as follows:

FIRST: That the par value of the stock shall be Ten (\$10.00) Dollars per share.

SECOND: That new stock shall be sold in the amount of not less than Two Hundred Sixteen Thousand (\$216,000.00) Dollars nor more than Two Hundred Forty Thousand (\$240,000.00) Dollars, to be offered to the share holders of record as of Sept. 1, 1965 and that said share holders of record as of that date can purchase the new stock at the ratio of one (1) new share for each two and one-half (2 1/2) shares of converted stock, and that the purchase price of said new stock shall be at the rate of Thirty (\$30.00) Dollars per share.

THIRD: That capital be increased in the amount of Eighty Thousand (\$80,000.00) Dollars.

FURTHER RESOLVED: That the officers of the State Bank and the Secretary of the Board of Directors file and record with the Department of Financial Institutions a Certification of the Resolution authorizing the amendments, and that the Secretary forward to the Department of Financial Institutions Form No. B-505 duly completed, signed and sealed with corporate seal.

All statutory requirements having been complied with, aforesaid changes became legally effective Sept. 1, 1965.
